

Empty Patch Panel for 24 Snap-in Connectors

Nexans offers a full new range of empty patch panels for 24 snap in connectors.

The new range is suitable for all snap in connectors in Nexans product portfolio. (LANmark-7, LANmark-6, LANmark-5 and Essential). This range uses an exclusive Nexans system to install the connectors.

The new offering is Nexans branded and shows a perfect visual homogeneity when they are used with other Nexans products in a cabinet.

The new patch panels are designed for any 19" cabinet and have 1 HU height.

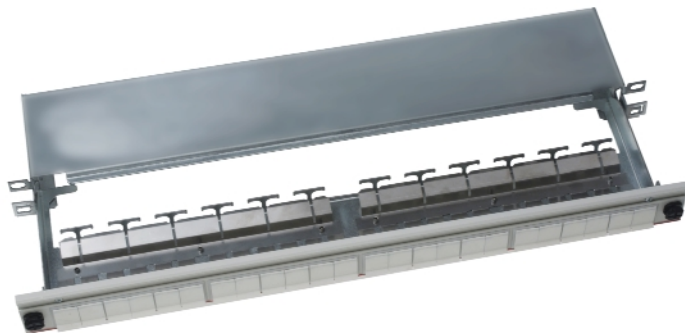

Nexans proposes two new empty patch panels with the following features :

With Sliding Mechanism

- sliding mechanism : allows an easy and quick installation and easy maintenance.
- new clip on mechanism : enhanced strain relief , earthing and grounding features with Nexans exclusive design.
- Compatible with all Nexans snap-in format connectors.
- 24 ports **with shutters included.**
- strong metalwork.
- with flexible label for the numbering system.

Without Sliding Mechanism

- new clip on mechanism : enhanced strain relief , earthing and grounding features with Nexans exclusive design.
- compatible with all Nexans snap- in format connectors.
- 24 ports **with shutters included.**
- strong metalwork.
- printed numbering system.

with sliding mechanism : open

without sliding mechanism
